

FOOD MACHINERY

QG-310

Efficient & Effective

BONE SAW MACHINE

Features:

- Strong cutting capacity (Frozen/Fresh)
- Stable cutting
- Adjustable sawing width (free adjustment within 4-200mm)
- Effortless cleaning

Applications:

- Canteen
- Hotel
- Supermarket freezer
- Meat processing plant
- Butcher shop

ALLOY BODY

SHARP SAW BLADE

FIXED BEZEL

SAFETY SWITCH

EASY TO CLEAN

MULTI-PURPOSE

OPERATIONAL SAFETY

LOW FAILURE RATE

Model

QG-310

Body Material

Aluminum Magnesium Alloy

Voltage

220V or 380V

Motor Power

1500w

Saw Blade Size

2000mm

Working Desk Size

L480mm x W680mm

Cut Size

W220mm x H310mm

Weight (Kg)

80

Dimensions (LxWxH) (mm)

680 x 600 x 1150

QUALITY

Designs and specifications are subject to change for improvement without prior notice.
