

WALL CHASER

KR1802K

Efficient & Effective

WALL CHASER

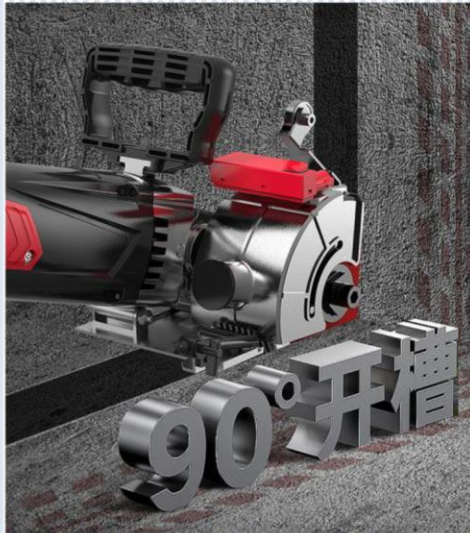

Features & Benefits:

Adjustable depth control: Allows you to adjust the depth of the cut for precise and consistent grooves.

Precision cuts: Wall chasers come with laser pointer are highly accurate and can cut straight, clean channels or grooves in walls or floors, which is essential for ensuring proper placement of pipes, cables, or conduits.

Ergonomic design: Wall chasers are designed to be comfortable to hold and use for extended periods, with features like soft grip and adjustable handle positions.

Cleaner work environment: The water pump system of a wall chaser can help to minimize dust and debris, which is beneficial for creating a cleaner work environment and reducing the risk of respiratory problems or allergies.

切割深/宽度可调节

切割深度宽度自由调节即可实现多材质切割

手柄都能旋转180°

可以针对不同环境和使用习惯调整机器角度
旋转手柄方便握持,有效提高工作效率

WATER PUMP

激光发射器减少误差

激光定位,让开槽更精准

Model	KR1802K
Power	8500 W
Rated Voltage	220 V
Rotation Speed	6500 rpm
Max. Cutting Depth	40 mm
Max. Cutting Width	50 mm
Saw Blade Sizes	125x20x2 mm
Weight	6.6 kg

QUALITY
