

Efficient & Effective

ICE CREAM MACHINE

Application:

- Food and beverage shop
- Cafe
- Party
- Bar
- KTV
- Dessert shop

Features:

- High efficiency, energy saving.
 - Compressor: BOYARD compressor, famous for its high efficiency, low temperature, and commercially used in ice cream machine.
 - Easy to use, very convenient
 - Low noise: running noise much lower than other brands.
 - Low voltage and high current protection system.
1. Self-cleaning system
 2. High and low voltage alerting
 3. Low power consumption
 4. Cone counting system
 5. Cone & temp display
 6. Low mix and standby function
 7. Sixteen shift for hardness and softness alteration.

Model	MQ-L22A
Productivity (L/H)	20 – 25
Voltage	220v/5Hz
Power (kW)	1.95
Compressor	Boyard
Weight (Kg)	125
Dimensions (LxWxH) (mm)	770 x 610 x 890
